for children, caretakers, and teachers!

The #1 New York Times bestselling and Newbery Award-winning novel *The One and Only Ivan* is now a major motion picture streaming on Disney+ This unforgettable novel from renowned author Katherine Applegate celebrates the transformative power of unexpected friendship. Inspired by the true story of a captive gorilla known as Ivan, this illustrated book is told from the point of view of Ivan himself. Having spent twenty-seven years behind the glass walls of his enclosure in a shopping mall, Ivan has grown accustomed to humans watching him. He hardly ever thinks about his life in the jungle. Instead, Ivan occupies himself with television, his friends Stella and Bob, and painting. But when he meets Ruby, a baby elephant taken from the wild, he is forced to see their home, and his art, through new eyes. In the tradition of timeless stories like *Charlotte's Web* and *Stuart Little*, Katherine Applegate blends humor and poignancy to create an unforgettable story of friendship, art, and hope. *The One and Only Ivan* features first-person narrative; author's use of literary devices (personification, imagery); and story elements (plot, character development, perspective). This acclaimed middle grade novel is an excellent choice for tween readers in grades 5 to 8, for independent reading, homeschooling, and sharing in the classroom. Plus don't miss *The One and Only Bob*, Katherine Applegate's return to the world of

message about protecting the environment. By the Hans Christian Andersen Award-winning former Children's Laureate author of Willy the Champ.

When a gorilla who knows sign language tells his keepers that he is lonely, they bring him a very special friend.

"Originally published in Great Britain in 2015 by Oxford University Press."--Verso.

Hannah loves gorillas but has never seen one in real life. For her birthday, Hannah asks her father for a gorilla but is disappointed when she discovers that the gorilla she's received is just a toy one.

At second grade, your child should be reading simple sentences already. At this phase, it's time to prepare him/her for more complex words that defy the most basic of English pronunciation rules. The great advantage with learning to read through phonics is that it also teaches your child to spell and write. Encourage your child to learn second gr

Stunning photographs, an eye-catching design, and complete with anecdotes and facts, *Urban Gorillas* explores the lives of two resident troops of gorillas at the Lincoln Park Zoo. With histories and biographical details for each ape, this book immerses readers in the gorillas' individual personalities while also presenting a fascinating window into their daily routines and care, touching on zoo habitat design and gorilla conservation. When an unobservant zookeeper goes home, all the animals he thinks he has left behind in the zoo follow him. On board pages.

In a spare, powerful text and evocative illustrations,

the Newbery medalist Katherine Applegate and the artist G. Brian Karas present the extraordinary real story of a special gorilla. Captured as a baby, Ivan was brought to a Tacoma, Washington, mall to attract shoppers. Gradually, public pressure built until a better way of life for Ivan was found at Zoo Atlanta. From the Congo to America, and from a local business attraction to a national symbol of animal welfare, Ivan the Shopping Mall Gorilla traveled an astonishing distance in miles and in impact. This is his true story and includes photographs of Ivan in the back matter.

Introduces readers to the life, diet, habitat, behavior, and physical description of gorillas. Colorful spreads, fun facts, diagrams, a range map, and a special reading feature make this an exciting read for animal lovers and report writers alike.

Hi-Lo Chapter Books for Children. This series of short novels was designed to engage a broad spectrum of struggling readers. No longer will upper-elementary students have to read material junior to their maturity and interests. Characters are age appropriate and come from diverse cultures and backgrounds. Science fiction, sports, paranormal, realistic life, historical fiction, and fantasy are just a few of the many genres. Books are no higher than a 1.5 reading level, with illustrations on every spread that support visual literacy and draw kids into the text. Kemba feels like the lamest kid in school. If only

he could be cool like the computer game superhero Underdog. But he can't even save himself from the biggest bully in the sixth grade, let alone protect the weakest of the weak like Underdog does. He has zero friends. Or so he thinks. Kemba hasn't even had the courage to try until one act of cruelty pushes him over the edge.

Amazing Tigers! is the first paperback edition in our exciting series of nonfiction I Can Read Books filled with amazing photos from the Wildlife Conservation Society, one of the world's oldest and most respected wildlife conservation organizations. From scaly alligators to furry pandas, and from sprinting cheetahs to swooping owls, the world of animals is wonderfully diverse. This popular series travels the planet to study these and other fascinating mammals, birds, reptiles, fish, and invertebrates. Beautiful photos are paired with STEM-appropriate text to examine the featured creature's appearance, habitat, behaviors, and life cycle. Each reissued title also presents a folk story that people have used to help explain the animal's appearance or behavior. This revised edition surveys key aspects of gorillas, describing the great apes' appearance, behaviors, and habitats. A folk tale explains why these creatures do nothing but eat and sleep. This profoundly moving tale about a grieving boy and an imaginary gorilla makes real the power of talking about loss. On the day of his mother's funeral, a

Read Free Amazing Gorillas I Can Read Level 2

young boy conjures the very visitor he needs to see: a gorilla. Wise and gentle, the gorilla stays on to answer the heart-heavy questions the boy hesitates to ask his father: Where did his mother go? Will she come back home? Will we all die? Yet with the gorilla's friendship, the boy slowly begins to discover moments of comfort in tending flowers, playing catch, and climbing trees. Most of all, the gorilla knows that it helps to simply talk about the loss--especially with those who share your grief and who may feel alone, too. Author Jackie Azúa Kramer's quietly thoughtful text and illustrator Cindy Derby's beautiful impressionistic artwork depict how this tender relationship leads the boy to open up to his father and find a path forward. Told entirely in dialogue, this direct and deeply affecting picture book will inspire conversations about grief, empathy, and healing beyond the final hope-filled scene.

“Little monkeys will enjoy the rhyme and maybe pick up some new food vocabulary.” —Kirkus From the author-illustrator team behind *Go Go Gorillas* comes this lively, rhyming read-aloud starring a baby gorilla who refuses to eat his dinner. Perfect for picky eaters everywhere! It's suppertime in the jungle, but Baby Gorilla refuses to eat anything Mama and Papa make for him—not banana chips with green guacamole or a piping-hot plate of plantain ravioli. He says no to a dish of bananas flambé and turns up his nose at banana soufflé! Step into the kitchen and

Read Free Amazing Gorillas I Can Read Level 2

laugh at dish after zany dish in this picture book adventure that is sure to make story times—and meal times—fun!

Amazing creatures flew through the air and swam in the seas during the Age of the Dinosaurs! Strange and wonderful creatures shared the Earth with the dinosaurs. Kronosaurus ruled the seas with teeth as big as bananas and jaws more powerful than a Tyrannosaurs-rex's. Flying Pterodaustros spit water through hundreds of long, thin teeth. Deinosuchus, the giant crocodile, preyed on unlucky dinosaurs. These and other amazing animals are introduced to young readers in an easy-to-read text and dynamic illustrations. Beyond the Dinosaurs is a Level Two I Can Read, geared for kids who read on their own but still need a little help. Whether shared at home or in a classroom, the engaging stories, longer sentences, and language play of Level Two books are proven to help kids take their next steps toward reading success.

When Bill Weber and Amy Vedder arrived in Rwanda to study mountain gorillas with Dian Fossey, the gorilla population was teetering toward extinction. Poaching was rampant, but it was loss of habitat that most endangered the gorillas. Weber and Vedder realized that the gorillas were doomed unless something was done to save their forest home. Over Fossey's objections, they helped found the Mountain Gorilla Project, which would inform

Rwandans about the gorillas and the importance of conservation, while at the same time establishing an ecotourism project -- one of the first anywhere in a rainforest -- to bring desperately needed revenue to Rwanda. In the Kingdom of Gorillas introduces readers to entire families of gorillas, from powerful silverback patriarchs to helpless newborn infants. Weber and Vedder take us with them as they slog through the rain-soaked mountain forests, observing the gorillas at rest and at play. Today the population of mountain gorillas is the highest it has been since the 1960s, and there is new hope for the species' fragile future even as the people of Rwanda strive to overcome ethnic and political differences.

Baby Gorillas explores the life of a gorilla from birth to adulthood. The title will show readers what baby gorillas like to eat, how long they rely on their mothers, and at what ages they start learning new things. Aligned to Common Core Standards and correlated to state standards. Abdo Kids Junior is an imprint of Abdo Kids, a division of ABDO.

Gorillas can be hard to spot, because they are masters of disguise and really good at hiding. Gorillas often have jobs where they get to wear masks—that's why so many gorillas are surgeons, astronauts, scuba divers, and ninjas. There are adult gorillas and kid gorillas. There are even gorillas that go to school with you. You may think you've seen a gorilla swinging by before, but it's much more likely that he was an orangutan—orangutans are terrible at hiding. You will know when there are lots of gorillas living in your midst because the grocery stores will be entirely out of bananas. In fact, you should always carry a banana with you, because you never

Read Free Amazing Gorillas I Can Read Level 2

know when there might be a gorilla around. *Gorillas in Our Midst* is all silliness and fun, and is destined to become a new favorite. Comic artist Richard Fairgray's illustrations are filled with wonderful details for kids to discover with each read. Kids will love spotting the gorillas on each page and are sure to laugh out loud at the gorillas' many disguises. And, of course, a story like this can't end without a surprising twist! Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Chronicles the days of a gorilla family, offering insight into their diet, communication, behavior, and recreation, provoking human introspection.

Reading this book will make you less sure of yourself—and that's a good thing. In *The Invisible Gorilla*, Christopher Chabris and Daniel Simons, creators of one of psychology's most famous experiments, use remarkable stories and counterintuitive scientific findings to demonstrate an important truth: Our minds don't work the way we think they do. We think we see ourselves and the world as they really are, but we're actually missing a whole lot. Chabris and Simons combine the work of other researchers with their own findings on attention, perception, memory, and reasoning to reveal how faulty intuitions often get us into trouble. In the process, they explain:

- Why a company would spend billions to

Read Free Amazing Gorillas I Can Read Level 2

launch a product that its own analysts know will fail • How a police officer could run right past a brutal assault without seeing it • Why award-winning movies are full of editing mistakes • What criminals have in common with chess masters • Why measles and other childhood diseases are making a comeback • Why money managers could learn a lot from weather forecasters

Again and again, we think we experience and understand the world as it is, but our thoughts are beset by everyday illusions. We write traffic laws and build criminal cases on the assumption that people will notice when something unusual happens right in front of them. We're sure we know where we were on 9/11, falsely believing that vivid memories are seared into our minds with perfect fidelity. And as a society, we spend billions on devices to train our brains because we're continually tempted by the lure of quick fixes and effortless self-improvement. The Invisible Gorilla reveals the myriad ways that our intuitions can deceive us, but it's much more than a catalog of human failings. Chabris and Simons explain why we succumb to these everyday illusions and what we can do to inoculate ourselves against their effects. Ultimately, the book provides a kind of x-ray vision into our own minds, making it possible to pierce the veil of illusions that clouds our thoughts and to think clearly for perhaps the first time.

Summoned to the Great Gorilla Villa by King Big Daddy to meet the newest member of their family, ten gorillas arrive on time using various forms of transportation, including hot-air balloon, taxicab, and pogo stick.

The #1 bestselling chapter book series of all time celebrates 25 years with new covers and a new, easy-to-use numbering system! Gentle giants or giant monsters? That's the question Jack and Annie have about gorillas when the Magic Tree House sweeps them to the mountains of Africa. There they meet a group of amazing and sometimes frightening

mountain gorillas. Annie knows how to play with the creatures right away. But Jack is left out. Will the gorillas be able to teach him some special magic? Did you know that there's a Magic Tree House book for every kid? Magic Tree House: Adventures with Jack and Annie, perfect for readers who are just beginning chapter books Merlin Missions: More challenging adventures for the experienced reader Super Edition: A longer and more dangerous adventure Fact Trackers: Nonfiction companions to your favorite Magic Tree House adventures

Dian Fossey was fascinated with the sad plight of the mountain gorilla and went to Africa. She imitated the gorillas' sounds and habits and came to know them individually. After several of her favorite gorillas were killed, she became impassioned about stopping the poaching And The destruction of the gorillas' natural habitat. Her research and her book, Gorillas in the Mist, led to current efforts to protect this endangered species.

A book containing surprising facts about gorillas.

Describes the physical characteristics and behavior of various kinds of gorillas.

Simple text discusses the physical characteristics and typical behaviors of snakes as well as their place in the world.

What do baby gorillas like to do in the jungle? They swing in the trees, and play tag in the bushes. They even get piggyback rides from their mothers. You can find out all about gorillas in this exciting book!

Amazing Gorillas!Harper Collins

Gorilla peeks out from his mother's big, strong arms. He has bright eyes and a small, black, hairy face. Gorilla's Story follows the life of a young gorilla growing up and learn-ing to live in the forests of Africa.

A deliciously funny new picture book by Scottish Children's Book Award winner Chae Strathie and Waterstones

Read Free Amazing Gorillas I Can Read Level 2

Children's Book Prize winner Nicola O' Byrne. When the animals visit Little Sam Sundae's ice cream shop on Jellybean Street they have some unusual requests. Sam whips up blue cheese sundae for Mouse and a worm cornet for Hen. Finally, it's Gorilla's turn to order but all he wants is plain old vanilla. Licking their lips, the other animals realise that Gorilla has made the best choice, after all. Luckily for them, gorillas love sharing!
